## \\"Disable empty answers\\" with Essay Questions

Posted by Class Castle - 2014/04/23 12:48

---

Greetings

I have quizzes set up with "Disable empty answers" set to "Yes". It works for the "Single question" and "multiple question"- if the user tries to move on without choosing an answer they get a message saying that they have empty answers.

However, the user can still move on with empty essay questions. Is there any way to make this impossible?

Hello,

Do you use the latest version of the extension?

Regards,  
ARI Soft
