Hello,

Do you want to add it on backend or frontend?

Regards,
ARI Soft

In Backend, please!

Thanks!

See \administrator\components\com_ariquiz\views\quizresults\view.html.php and
\administrator\components\com_ariquiz\controllers\quizresults.php files.

Great!!!.. but i also modify next:

\administrator\components\com_ariquiz\models\quizresults.php file.

And everything works!!! but when i try the export the results, the new column not appear on file.

How can i resolve this?

Regards!!
