Hello,

The extension contains English and Russian translations. You can read here how to create a new translation or edit existing one.

_____

The following INI files are used by the extension (for English translation):

/language/en-GB/en-GB.com_ariquiz.ini
/language/en-GB/en-GB.com_ariquiz.ajax.ini

/administrator/language/en-GB/en-GB.com_ariquiz.ini
/administrator/language/en-GB/en-GB.com_ariquiz.sys.ini
/administrator/language/en-GB/en-GB.com_ariquiz.ajax.ini

You can use "Localise" extension to modify the files.
