Free Text Question Case Insensitive problem
Posted by Jonte - 2014/07/25 08:50

_____

When creating Free Text Question and in answers Case Insensitive doesn't stay on. When we save the question it deletes those markings and answer is always Case Sensitive.

What might be the problem?

_____

Hello,

Could you specify what version of the extension and what browser you use?

Regards,
ARI Soft

_____

Hi!

I test it with Mozilla Firefox 30 and it work, but when I go back with IS 10 it deletes those markings again.

_____

Upgrade the extension to v. 3.6.14. It contains the fix for IE 10.
