
Problem at the end of the quiz

Posted by E.G - 2014/10/07 08:11

Hi,

I have an issue since this morning with my Ari Quizzes.

When I answer the quiz, everything is ok except when I click on "Save". I don't have any result but only the sentence :

"The selected quiz is not available, contact with Administrator"

For exemple you can try this one :

<http://www.classe-v.com/index.php/component/ariquiz/Quiz/9-4eHistoireChapitre1>

Thanks for your help,

EG

Well the problem last just fem minutes. Now, it's ok.

Have you got any explanation about this issue ? Because I would like to avoid it in the future.

Thanks a lot,

EG

Hello,

Probably it was a problem with connection.

Regards,

Ok, thanks for your explanation.

I have another question/issue.

I just discovered ari quiz anywhere and when I insert it in a k2 item, it show only the beginning of the quiz or of the question.

Like on this page :

<http://www.classe-v.com/index.php/component/k2/item/98-test>

Is there any parameters to modify ?

Thanks a lot,

EG

It seems this problem with site template styles. Open
/plugins/system/ariquizanywhere/ariquizanywhere/assets/css/fix.css CSS file and add the following CSS rule at the end
of the file:

HTML BODY {position:static!important;}

After this clean browser's cache. It should help to resolve the problem.

Regards,
ARI Soft

Thanks for your great reactivity !
It's perfect now.
