
how to fixed answer in Ari Quiz

Posted by dodanhkhoa - 2014/10/23 07:08

I want to fixed the correct answer

Example: Question: $5+3=?$

Answer:

- a. 6
- b. 8
- c. $|-8|$
- d. a & b are correct.

In this case, I want answer d is always "a&b.....".

Thank you!

Hello,

If you don't want to show answers in random order, disable "Specific question settings -> Random order" parameter in question settings.

Regards,
ARI Soft
