_____

Hello Ari Team,

I have 9 quiz , and I want each quiz is need payement(integrate payment for each quiz)
if akiba done this, I want to know how to do , if not I can paye, if you can integrate this solution to my quiz.
it's been, a few months that I'm looking for solutions and nothing!
if you offer me an extension or something else (even if paid) and responds to what I want I would be very grateful.

Hello,

The extension supports ability to limit access specific quizzes or quizzes from selected quiz categories for users who belong to selected user groups. "Akeeba Suscriptions" supports ability to create subscriptions (it is possible to create paid subscriptions) and assign user to selected user group(s) after a payment.
