## Attempt Count For Questions

Posted by enginbasturk61 - 2014/12/01 02:29

---

Is there any ability such that user will solve a question limited times as the admin will decide..

example.. if there are 500 questions in a quiz, I want a user to solve a question maximum 2 or three times depend on me... By this way the user will solve all the questions and will not waste time by solving same questions again and again

=====

Hello,

It is possible to set attempt count in question settings. See "Attempt count" parameter.

Regards,  
ARI Soft
