Quiz Anywhere with EasyDiscuss
Posted by aningbo - 2014/12/10 10:56

_____

I'm trying to use Quiz Anywhere plugin and getting this message in the meta description which in turns affects the design:

How should i get rid of this?!!

_____

Hello,

Download and upgrade the plugin. It should help.

Regards,
ARI Soft

_____

Thank you. That worked. I had hacked the core for the time being.

I'm still getting this though:

_____

It is not a plugin issue. This problem with the extension which generates meta tags for pages. It doesn't ignore plugin tags.
