## New functions: Report error and star questions

Posted by czq1146 - 2014/12/17 03:23

---

Hi, ARI Quiz Team,

I want to add two functions:

- 1) Add a link or button on the answer page to let users report whether the answer to the question is not right when they finish one question
- 2) Add five stars on the answer page so users can give a score (like 1 - 5 stars) to the question

How can I do these? or do you suggest custom development?

Thanks,

Frank

Hello,

These features can be implemented as a custom development. If you are interested in it, we can discuss details by email.

Regards,  
ARI Soft

<http://www.ari-soft.com/ARI-Quiz-Feature-Request/40023-question-ID-on-frontend.html#52436>

- Show ID in frontend (backend configuration from View Report error and star questions)
  - Add to each question a text box for users to leave comments (bugs, suggestions, etc..)
- The administrator can manage comments from the BackEnd.

I never received a reply from admin  
thanks  
:( :( :(
