Question about the software

Posted by billh210 - 2015/01/23 21:15

_____

can these be done?

1. Two time limits options: quiz time limit and time limit before a user can take the quiz again

2. Redirection after exam to another page or to the different pages depending on user score

3. Set number of attempts for each test question as well as for the learning quiz in whole

4. Several access levels for quizzes (guest access/for authorized users only) change access level for user for passing tests.

6. Special menu allows the registered users to browse their quiz results, download certificate or PDF report

_____

Hello,

1. These two time limits are supported by the extension.

2. It is possible to do with help of "ARI Quiz Redirect" plugin.

3. It is possible to set number of attempts in quiz settings.

4. Access level can be set in quiz category / quiz settings. If you want to add a user to a user group when a quiz is completed, we can create a custom plugin for this purpose.

5. It is possible to create a menu item for the page where all passed quiz will be shown. Users can see detailed results, open certificate in PDF format (if it is available) or open print version of quiz results.

Regards,
ARI Soft
