Remove the \"Continue Button\" at the Beginning
Posted by wordsareloaded - 2015/02/17 15:52

_____

Is it possible to not require the user to hit continue to start the quiz? So the first thing they see is question 1?

Sorry if this is a repost - I saw this question asked on the forum but it was not answered.

Thanks!

_____

Hello,

Set "Access and Security -> Start immediately" parameter to "Yes" in quiz settings.

Regards,
ARI Soft
