
Free text questions don't work anymore

Posted by Marsm - 2015/03/02 17:31

Hi,

I updated to joomla 3.4 and discovered that all my free text questions stopped working. The first question is loading but the next question is not.

See www.demo.virtuelelesruimte.nl, login with: demo2 and demo. Choose menu 'Noten lezen - Noten lezen oefeningen' and then the first quiz.

Thanks,
Marsm
