
Calculate the average of top 3 result?

Posted by dodanhkhoa - 2015/03/28 14:28

I tell my students to do many tests if they can. I just care about their 3 highest results. After that, I average these 3 highest result for the last score. Have you got any module to do it?

Hello,

We have sent "ARI Quiz Summary Results" module by email. Check please do it what you need or not.

Regards,
ARI Soft
