
Fill in the blank with different choices Question

Posted by rudi - 2015/03/30 23:25

Hi,
is it possible to create a fill in the blank question?

Example:

Yesterday ...x... went home to sleep. Then she ate ...y...

Choices for x:

I
Amanda
you

Choices for y:

pizza
burger
nothing

thx

Hello,

The extension doesn't support the described question type.

Are you going to implement fill in the blank questions types any time? I'm sure a lot of people would enjoy this kind of functionality.

We will think about implementation of this feature in "ARI Quiz" v. 4.x.

PS: If you need it is urgently, it is possible to order a custom development.
