There is no such functionality. We are planning to add something like you describe in future releases. Could you please submit a feature request.

Hello,

ARI Quiz 2.2.0 has been released.

New version contains several new features and enhancements:

- \* Single, Multiple and FreeText question can have different scores for different answers
- \* Single question may display possible choices as radio buttons or as drop-down
- \* Single, Multiple, Correlation and Drag'n'Drop Correlation questions have Randomized order setting that allows displaying possible choices in random order
- \* Last results and Top results modules have 2 new options: ignore anonymous users or not, display login or user name
- \* UI enhancements for Drag'n'Drop Correlation question
- \* Bugs fixed
- \* Performance improvements
- \* German and Russian translations updated

ARI Quiz 2.2.0 may be downloaded in member area.

Regards,  
ARI Soft
