
How I can show the ID of the question

Posted by comfop - 2015/06/01 18:40

How I can show the ID of the question?
thanks

Hello,

It requires modification of /components/com_arquiz/assets/js/questions.js file.

Regards,
ARI Soft

Indicate what version of the extension you use and we will send un-minified version of the file by email.

Could you please send it to me as well? I am using 3.8.2 and some testees wish to refer to certain questions where they need help.

This might be a feature for future releases - to show the question id and activate it via quiz configuration setting.

Add this feature would be most helpful.
please
;) ;)
