
Require email to do test

Posted by ilan5555 - 2015/06/16 10:03

Dear friends,

I have a test that is open to the public.

I want to obligate to enter name and email to continue doing the test.

How can I do that?

Thank you,

Ilan.

Hello,

Open quiz settings page and set "Access & Security -> Anonymous access" parameter to "No".

Could you send a link to the quiz and a temporary access to your J! backend by email so we can investigate this issue?
