Change button order

_____

Hello

I want the buttons to be on position: right and that the buttons should be displayed in this order 1,2,3,4,5 (see image below) so you can understand.

I know i should edit?:
/components/com_ariquiz/view/question/tmpl/default.php

But what code changes should i make? i am not very good in CSS.

I belive i should edit this code?

Best Regards,
