
Button to retake quiz

Posted by Parmenides - 2015/09/05 18:11

Hello,

Is there a button at the end of a quiz to do the quiz again?

I think the only function of this button should be to reload the page (quiz is inserted in article)!

Is this possible?

Thanks

Hello,

If you want to show this button for all quizzes, it is possible to modify
/components/com_ariquiz/views/quizcomplete/tmpl/default.php template. Link to a quiz looks like:

index.php?option=com_ariquiz&view=quiz&quizId=QUIZID

Where QUIZID is ID of a quiz which you want to load.

the button "continue", is hidden ... why?

Hola, el boton "continue" queda oculto al terminar de realizar un quiz, quiero saber si se puede configurar para que no se oculte.

Hello, the "continue" button is hidden at the end to make a quiz, I want to know if it can be configured to not hide.
