Hello,

Add the following CSS rules to a site template CSS file and clean browser's cache:

```
#ariQuizContainer .aq-question .aq-question-title {display:none;}  
#ariQuizContainer .aq-question .aq-question-content {padding-left:10px;}
```

Sorry not working the right one is

```
BODY #ariQuizContainer .aq-answer-container .aq-answer-label LABEL {display: none;}
```

Thanks anyway.

Provide a link to a quiz and specify in what CSS file the rules were added.
