
How to copy same text format !

Posted by mfatihee - 2015/09/14 23:33

Dear Ari soft team

How to copy / paste same text format to all questions & Choices in an easy way!

Because I do have 100 questions and 4 choices for each thats = 400 choices.

Thanks in advance

Dr.M.Fatihy

Hello,

It is possible to create question templates on "Question Templates" page and then create questions based on the created template. For this select "Based on question template" tab when create a new question and select template which will be used for new question.

Regards,
ARI Soft
