Hi,  
I want to export all the quiz results (about 600) but there is only a 100 results per page option  
Can you add a ALL option in the dropdown or tell me where to change it in the code ?.

Thanks

Hello,

Replace the following code in /administrator/components/com\_ariquiz/kernel/Web/Controls/Data/class.Paginator.php file:

'rowsPerPageOptions' => array(5, 10, 15, 20, 25, 30, 50, 100)

with the following one:

'rowsPerPageOptions' => array(5, 10, 15, 20, 25, 30, 50, 100, 9999)

Regards,  
ARI Soft
