I read a feature: possible share results on social networks (Facebook, Google+, Twitter) of Ari quiz  
But don't know how to share results on facebook ?

if you start the exam, they must enter facebook  
After completing the test, it will be automatically posted to their wall <http://www.ari-soft.com/images/fbfiles/images/question2.jpg>

Hello,

"Share results" button is available at the end of a quiz if "Results settings -> Share results" parameter is set to "Yes" in quiz settings. Quiz takers can use it to share results:
