
i have a few questions

Posted by babayorgun - 2016/01/26 19:52

Hello Admin. Sory My English,

1- I using Ari-Quiz 3.83. In version 3.84 what has changed?

2- When I create share link like this :

...com//index.php?option=com_ariquiz&view=quizcomplete&ticketid.....

How can I fix Double Slash?

3- social sharing How do I do that? I can't do it. Do you have video?My Joomla version 2.5. Do I need to install any component?

4- How Can I use together Jcomments with Ari-Quiz.

Thanks

Hello,

1. It contains "Try again" button which can be shown at the end of a quiz and minor bugs fixing.

2. Where you create this link?

3. This feature is supported by Joomla! 3+. Set "Results settings -> Share results" parameter to "Yes" in quiz settings to enable it. For J! 2.5 it requires to modify /components/com_ariquiz/views/quizcomplete/tmpl/default.php template file.

4. The extension doesn't support this integration. It requires custom modification of the extension.

Regards,
ARI Soft
