
Correct Answer & Your Answer too light

My icons are barely visible.

Where can I change the icon or make them a different color?

The 'Information' block's text is too light also. http://www.ari-soft.com/images/fbfiles/images/Answers_too_light.png

Hello,

It seems this is a problem with site template styles. Could you send a link to a page where the problem occurs?

It happens on a test, you will not be able to navigate to a link. Where can I send login information to you?
