
No file in member area..

Posted by sutriyono - 2016/06/02 01:53

Dear admin...

I can login but there's no file inside member area. Only "Only registered users can view this source. Login, please".

Could you help me?

Hello,

We can't reproduce this problem and nobody reports about the similar problem. Could you specify what browser do you use?

PS: We can send the extension by email.

Regards,
ARI Soft
