Auto submit answers after timeover?
Posted by blues - 2016/06/02 10:54
_____

Hi Team,

ARI Quiz supports auto submit answers without clicking save button after time over?

Thanks

Hello,

It is possible to configure the extension to work in this way.

PS: Send your order number by email please.

Regards,
ARI Soft

Hello, my Order No. 17702, I also need to automatically submit the answers when the time is up or by submit button if to submit before the time. The submit button also not a good function to stop the quiz or can the student submit and remain on the page and will only be terminated by time.

In a long quiz, how do we mark questions that the students need to come back to, the prev button erases everything that have been marked before.

Your assistance pse

Regards

_____

Hello,

Check your mail please. It contains the solution how to save answers when time is over.

When "Prev" or "Skip" button is pressed, all selected answers are saved and next time when skipped question will be shown, the selected answers will be also shown.

Regards,
ARI Soft

_____

It is a standard feature, it is only not possible to edit answers when "Save" button is pressed.

Regards,
ARI Soft
