
Update joomla 3.6 appear a problem

Posted by infermieriattivi - 2016/07/20 09:33

Hi

I've update at joomla 3.6 and apper a the message, "The selected quiz is not available, contact with Administrator"

I think is a problem update my AryQuiz and pay and downloads.

Update joomla 3.6 and installer joomla is disappear.

It is updating most devastating joomla I've ever done. :(

Hello,

Check that you use the latest version of the extension (v. 3.9.1) and provide a link to a page where the problem occurs and a temporary access to J! backend by email so we can investigate the problem.
