
How to let Drag'n'Drop question support score item

Posted by blues - 2016/12/06 11:12

Hi Team

For Drag'n'Drop questions, if user do it right partly, how can we give them corresponding score

For example, a Drag'n'Drop question contain 5 items, the total score is 5 points, if the user finished 3 items, we want to give him 3 points.

Thanks

=====

Hello,

Currently the extension doesn't support this ability for "D'n'D Correlation" question type.

Regards,
ARI Soft
