Hello!

when a user is not login or when he is login but does not have access to a quiz or quiz category, the error is same...

COM\_ARIQUIZ\_ACCESSERROR\_NOTREGISTERED="Only registered users can take this quiz"

COM\_ARIQUIZ\_ACCESSERROR\_PERMISSIONS="Bu alana girmek iÃ§in Ã¼ye olman1z gerekmektedir. Ãœyelik Ã¼cretsizdir."

but when I checked this, i have seen that there are different error messages for both.

when I tried to take a quiz as public or as login user I have seen the same error as

COM\_ARIQUIZ\_ACCESSERROR\_PERMISSIONS="Bu alana girmek iÃ§in Ã¼ye olman1z gerekmektedir. Ãœyelik Ã¼cretsizdir."
