
Email notifications not being sent

Posted by websiteprojects - 2017/06/23 06:22

Hi

Our component seems to have stopped sending notifications of results when the quiz is completed. Could you please advise what the issue will be?

Kind Regards

=====

Hello,

Could you provide a temporary access to your Joomla! backend by email and specify a quiz where the problem occurs so we can investigate the issue?

Regards,
ARI Soft
