Single user statistic page

Posted by lynx - 2010/08/08 10:45

_____

I want to remove Start date end End Date from single user statistic page (User quizzes results). Is it possible? And is it possible to change width of result table?

_____

Hello,

Could you specify do you mean summary quiz details or details about each question?

Regards,
ARI Soft

_____

Final summary quiz details text can be managed in 'Text Templates' section on the component backend. Open this page, choose necessary text template and modify text of template for your needs.

Regards,
ARI Soft

_____

I mean summary statistic for all tests single user. In menu it's called "Quizzes Results Layout".
