## Add questions with PHP to Question Bank

Posted by edwinfg - 2018/02/23 16:52

---

Hello,

there exists a way to add questions to question bank using PHP code.

I found a database table: ariquizquestionversion, but I not sure if another table is required.

Hello,

Sorry, but the extension doesn't provide API to add questions. The component uses #\_\_ariquizquestions and #\_\_ariquizquestionversions tables to save questions.

Regards,  
ARI Soft
