## Changing question display

Posted by hakisakinow@gmail.com - 2018/06/24 20:22

---

I would like to change a few things on how questions display (see attached)

- 1) Remove progress block
- 2) Change "Question 1" text
- 3) Change "Save" button to different text

Thoughts? Thanks!

Hello,

1. Add the following CSS rule to a site template CSS file:

```
.aq-status-panel {display:none !important;}
```

2 and 3. All text labels are located in language INI files. You can read here how to edit existing translation or create a new one.

CSS file fix worked, thanks.

As far as the strings, I cannot find those specific ones in the ari-quiz .ini file. Even a search for those strings in the file didn't help.

Can you tell me what the String Titles are so I can search by those?

Thanks.

See COM\_ARIQUIZ\_LABEL\_SAVE message in /language/en-GB/en-GB.com\_ariquiz.ini and COM\_ARIQUIZ\_QUESTION in /language/en-GB/en-GB.com\_ariquiz.ajax.ini files.
