ARI Quiz Summary Results

Posted by Marsm - 2018/12/22 15:38

_____

Hello,

I would like to use the module ARI Quiz Summary Results for only a loged in user. So a loged in user can see only his results for a specific category.

The module ARI Quiz Summary Results now shows the results for a specific category for all users. I need only for the loged in user.

Is this possible? How to do?

Regards

==

_____

Hello,

The module doesn't support ability to show results only for currently logged user. It requires custom modification.

Regards,
ARI Soft
