# Overall Leaderboard for N Quizzes
Posted by conduiraonline - 2019/08/01 06:10

_____

Dear Team,

We require an overall leaderboard for last N Quizzes(Should be summation score of all quizzes taken by the user), is that module present in the system. If not, can we avail it? If yes, how much time would that take?

Can we have a quiz level leaderboard only?

_____

Hello,

We have the module which show total results per user. Does it what you need?

Regards,
ARI Soft
