
Result of a quiz in a new page

Posted by trendscatchers - 2019/11/15 15:57

Hi,

I try to show the result of a quiz in a new page (load with php, like each question), is it possible ?

Currently, all the results show after answering the last question (with JS).

Thank you.

Edit: Wrong topic, I use Wordpress.

Hello,

Currently the plugin doesn't support this ability.
