
Quiz seems to cache at last question

Posted by munchman007 - 2020/02/04 11:51

Hi, i have Ari Quiz installed on joomla site and I notice that if I quit a quiz half way through, if i try and retake that quiz it sometimes brings me back to the last question, rather than the beginning.

Is there any way to avoid this as customers complain because it also seems to mess with the audio player in the quaections

Many thanks

=====

Hello,

The extension supports "Terminate" to totally remove current quiz session and start a new one. See "Terminate" button option on "Additional settings" tab from quiz settings page.

Regards,
ARI Soft
