Import data failed CSV

Posted by Paulob - 2020/05/06 18:51

_____

Hello,
 I'm having trouble importing issues using a CSV file. I've done everything to import 25 questions and I can't. When I import 1 question everything is fine, but if I import two questions of error or sometimes it matters a question again. Maybe it's a silly mistake, but I'm not seeing
See the attached file. Thank you
