
How can we display full question in the popup

Posted by blues - 2020/10/07 10:52

Hi Team,

How can we display full questions in the popup of question from bank? now only show a part of questions as the image attached.

Thanks <http://www.ari-soft.com/images/fbfiles/images/questionfrombank.PNG>

Hello,

The extension doesn't support this ability. It needs to modify the extension.
