
Bank Questions

Posted by stepan39 - 2020/12/08 21:18

Hello!

I actively use questions from the question bank categories.

There are 2 minor inconveniences in working with the bank.

1. It is impossible to temporarily disable a question from the bank.
2. It is impossible to clone a question from a bank category into the same category (for example, to edit similar questions).

Can you fix them?

Thanks!
