## Admin gets copy of results email

Posted by Kim Tabori - 2021/04/26 17:48

---

How can I set up that I get a copy email of the results that are emailed to my students on completion?

Hello,

Open "Results settings" tab on quiz edit page, enter admin/moderator email(s) in "Notification email(s)" field and select mail template in "Template" drop-down under "Notification email(s)" field.

---

These settings only for administrators/moderators. If you want to send an email to quiz takers, see "Mail successful template" and "Mail failed template" parameters in "Choose template type -> Manual" parameters section:

---

I would like admin to be advised of both failed and passed exams, how can I have both as the system only allows me to select one option

---

Could you provide a screenshot where we can see what option you mean?

Users from "Notification email(s)" receive failed and passed results.

Regards,  
ARI Soft

Hello,

Select a mail template in "Template" drop-down below "Notification email(s)" textbox.
