Results Mail Settings

Posted by AIS - 2021/05/28 17:43

_____

Hi,
Could yo please tell where we can change settings of the mail exchange server? Our exchange server is changed and recipients are no longer receiving emails with quiz results.
Thanks!

_____

Hello,

The extension sends emails using Joomla! API (JFactory::getMailer). It uses mail settings from Joomla! config.

Regards,
ARI Soft
