Hello.  
I'm using the latest version of Ari, and I have a request. Help me match the colors - as per attachment... <https://www.ari-soft.com/images/fbfiles/images/how.jpg>

Unfortunately, pasting these rules did not help:

```
body #ariQuizContainer .aq-progress-bar-status {background-color: red;}
```

```
body #ariQuizContainer .aq-question-title {background-color: green;}
```

pasted in themes -> default -> css -> bootstrap.styles and style.css

Hello,

Add the following CSS rules to a site template CSS file:

```
body #ariQuizContainer .aq-question-title {background-color: red;}
```

```
body #ariQuizContainer .btn-primary {  
  background-image: none;  
  background-color: red;  
}
```

Could you provide a link to a quiz? You can send it by email.
