## Where do I find the learning path plug in.

Posted by mckoolade - 2010/09/01 14:52

---

Sorry if this is a lame question, but for the life of me I can't find the Learn Path Plug in. I was able to locate all the other plug ins but can't find this one.

If anyone has downloaded this plug in would you mind putting the link to it in here. Thanks everyone

The email server completely stripped that file - I updated the email address in my account - could you please try again?

Thanks

Can you please re-check the email address in my user account - you just resent it to the same server that is stripping it

I changed the email address for my account to try and find one that won't strip it

Thank you
