
How much website space does ARI Quiz need?

Posted by Kim Tabori - 2021/12/30 11:35

Please could you advise how much website space ARI Quiz needs, I am moving my website from domain.com to Kajabi but need to keep the database for ARI Quiz on domain.com under a sub domain

=====

Hello,

If you mean space for quizzes and results, it depends how many quizzes and results are stored in a database. You can use this tutorial to see size of MySQL DB table(s).

Regards,
ARI Soft
