## 2 questions before I buy...

Posted by m\_e - 2010/09/10 10:42

---

1. I am from Germany, and I wonder how I'll be able to pay you guys... Is it possible to pay via PayPal?
  2. In the FAQ it says: "Component move costs approximately 25% of component's cost." In: (10. I'd like to stop using component on my old server and install it on new server. Is it possible?)
- Does that mean, I am not able to install your software on my test-server and go live (on the live server) later on without paying an additional 25% fee?

Hello,

1. We are working with 2CheckOut payment system and it accepts PayPal payments.
2. If you tell us in advance then we do it for free.

Regards,  
ARI Soft
