
Button Large

Posted by Marsm - 2023/08/30 06:08

Hi,

I want to make the size of the quiz buttons, Save Terminate, larger. Like the Bootstrap button large.
How can I do that?

Hello,

Add the following CSS rule to a site template CSS file:

```
body #ariQuizContainer .btn {  
  padding: 11px 19px;  
  font-size: 17.5px;  
  border-radius: 6px;  
}
```

Try to add also the following CSS rule:

```
body #ariQuizContainer .btn ,  
body #ariQuizContainer .btn {  
  margin-top: 4px;  
  margin-right: 10px;  
}
```

Thanks.

The button icons are now 14x14px. How can I make them like 20x20px? Setting height and width doesn't work.

Could you provide a link to a quiz so we can check CSS rules and avoid conflicts with site template/3rd party extensions styles?

Does this CSS rule add the required effect?

```
body #ariQuizContainer {  
  transform: scale(1.4);  
}
```
