## Quiz dont show full statistics

Posted by 121261 - 2010/10/23 12:07

---

Hi there

after a quiz i`ve set the system to show full statistics.

in a quiz of 10 questions it only shows 5 ?

see image..

Please advise

Hello,

Statistics grid should contain paging at the bottom.

Hi there.

Where do you set statistics grid ?

Hello,

We have marked paging control on screenshot below:

<http://www.ari-soft.com/images/fbfiles/images/paging.png>

If you don't see it, could you specify you use "ARI Quiz in Content" plugin or standard component page? Could you provide link to page where we can see this issue and temporary access to your Joomla! backend by email that we can investigate this issue?
